Strength in Adversity
Kekuatan Menghadapi Rintangan

Financial Statements
Penyata Kewangan **2009**

BANK ISLAM

The Cover

It takes more strength to provide scalable paths than to dictate them. It takes more courage to face adversity than to simply speak about it. Bank Islam's principles of harnessing true paths of responsibility and care towards our customers, in expressing knowledge and a deep understanding of how to persevere through challenges with resolute responsiveness is an eloquent testimony to the theme of "Strength in Adversity".

Like the dexterity and focus of a rock climber in overcoming harsh terrain, much like the global financial landscape this past year, we have scaled its unkind path and reassuringly led others, guided by Islamic values that have shown a distinct advantage in unheralded times. This kind of enriching experience has emboldened us on a journey that is far from over and Bank Islam seeks to reward beyond the next step.

Our greatest asset lay within us, our strength in deciding what to do in the face of obstacles, a purity we have persevered by noble actions to illuminate the path. The image of the world map in the background serves as a reminder of Bank Islam's eventual intent of spreading its wings to the four corners of the globe, mirroring its vision to become the global leader in Islamic banking. Significantly, the sunrise reflects Bank Islam's decisive principles which have proven that triumph and perseverance are guided by an inner strength that arises during times of adversity.

Kulit Luar

Menuruti jalan yang mudah tidak memerlukan penat jerih berbanding usaha menyediakan jalan itu. Rintangannya pula tidak mungkin dapat ditempuh tanpa keberanian yang tinggi. Jauh sekali dengan hanya berkata-kata. Prinsip Bank Islam berpaksikan tanggungjawab dan keprihatinan yang tulus. Ini dimanifestasikan dengan penyampaian pengetahuan dan kefahaman yang mendalam mengenai cara mengharungi cabaran dengan respons dan keazaman yang tinggi, seterusnya menjadi testimoni bagi tema "Kekuatan Menghadapi Rintangannya".

Kami berjaya merintis laluan yang penuh onak dan duri dan memimpin orang lain dengan penuh yakin, berpandukan nilai-nilai Islam yang telah terbukti banyak kelebihannya. Kesukaran ini ibarat seorang pendaki yang tangkas yang harus memberi tumpuan sepenuhnya pada cerun pendakian yang penuh cabaran. Begitulah juga apa yang berlaku dalam landskap kewangan global pada tahun lalu. Pengalaman yang berharga seperti ini memberi kami semangat untuk meneruskan perjalanan yang masih jauh. Dalam hal ini, Bank Islam senantiasa berusaha untuk terus memberi manfaat pada masa-masa yang akan datang.

Aset paling berharga berada dalam diri kita sendiri, iaitu keberanian kita membuat keputusan melangkah dengan yakin bagi mengharungi rintangan dengan penuh keikhlasan agar kita dapat menerangi jalan yang harus ditempuhi. Latar belakang imej peta dunia menggambarkan hasrat Bank Islam untuk melebarkan sayapnya ke seluruh dunia yang mencerminkan visinya menjadi pemimpin perbankan Islam di peringkat global. Mentari terbit pula mencerminkan prinsip kukuh yang dipegang oleh Bank Islam yang menjadi bukti akan kekuatan dalaman Bank yang berjaya menempuh sebarang rintangan.

Consolidated Statement of Changes in Equity	16
Statement of Changes in Equity	18
Cash Flow Statements	20
Notes to the Financial Statements	23

DIRECTORS' REPORT

for the financial year ended 30 June 2009

The Directors have pleasure in submitting their report and the audited financial statements of the Group and of the Bank for the financial year ended 30 June 2009.

Principal activities

The Bank is principally engaged in Islamic banking business and the provision of related services. The principal activities of the subsidiaries are as stated in Note 13 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

Results

	Group RM'000	Bank RM'000
Net profit for the year	161,876	160,607

Reserves and provisions

There were no material transfers to or from reserves or provisions during the year under review except as disclosed in the financial statements.

Dividends

No dividend was paid during the financial year and the Directors do not recommend any dividend to be paid for the financial year ended 30 June 2009.

Business plan, strategy and future outlook

The Malaysian economy began to suffer the full impact of the global downturn in the 1Q2009 as the gross domestic product (GDP) plunged by 6.2% year-on-year (YoY), the biggest dip since the 4Q1998. The GDP performance in the 2Q2009 is not expected to be much different from the worse-than-anticipated decline of economic activities in the 1Q2009. More visible indications of stabilising economic conditions may only be observed in the 3Q2009 with a smaller rate of GDP contraction while a positive GDP growth albeit marginal may only make a comeback in the 4Q2009.

The Bank's Sustainable Growth Plan, comprising six pillars namely Business Innovation; Robust Risk Management; Strengthening of Enabling Infrastructure; Building Capacity and Capability; Franchise Development; and Inorganic Growth and Corporate Expansion, marks a new beginning for Bank Islam in particular during the financial years between July 2010 and June 2012. Not only it will replace the Turnaround Plan, whose implementation should conclude by end-June 2010, this new strategic blueprint is in fact aimed at driving Bank Islam to achieve above-par organic growth while strengthening its domestic anchorage via a more robust financing growth and a bigger share of customers' wallet.

In line with the Growth Plan, the Bank will continue in its efforts to offer innovative products, such as the recently launched Al-Awfar deposit product with the Bank's objective of garnering more low cost deposits. The Bank will continue to pursue competitive pricing strategies, seek strategic collaboration with business partners, strengthen and build new customer relationships, manage the asset quality and further improve customer service.

Business plan, strategy and future outlook (continued)

For the coming years, the Bank will be focusing on revenue growth via growth in fee-based income. New revenue lines will be in the areas of wealth management products, Banca Takaful and electronic banking services.

In terms of financing, the Bank's retail portfolio will continue to be the key driver. Focus will be on home financing, personal financing and credit cards. As for the corporate financing, new customer penetration will be on selected industries.

At the operational level, the Bank is enhancing the Core Banking System and looking forward to the rollout of more robust Risk Management and the Financing Collection systems.

Bad and doubtful financing

Before the financial statements of the Group and of the Bank were made out, the Directors took reasonable steps to ascertain that proper actions had been taken in relation to the writing off of bad financing and the making of provisions for doubtful financing, and have satisfied themselves that all known bad financing have been written off and adequate provisions had been made for bad and doubtful financing.

At the date of this report, the Directors are not aware of any circumstances that would render the amount written off for bad financing, or amount of the provision for doubtful financing in the financial statements of the Group and of the Bank, inadequate to any substantial extent.

Current assets

Before the financial statements of the Group and of the Bank were made out, the Directors took reasonable steps to ascertain that any current assets, other than financing, which were unlikely to be realised in the ordinary course of business at their values as shown in the accounting records of the Group and of the Bank have been written down to their estimated realisable value.

At the date of this report, the Directors are not aware of any circumstances that would render the values attributed to the current assets in the financial statements of the Group and of the Bank to be misleading.

Valuation methods

At the date of this report, the Directors are not aware of any circumstances which have arisen which would render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Bank to be misleading or inappropriate.

Contingent and other liabilities

At the date of this report, there does not exist:

- (a) any charge on the assets of the Group or of the Bank which has arisen since the end of the financial year and which secures the liabilities of any other person, or
- (b) any contingent liability in respect of the Group or of the Bank that has arisen since the end of the financial year other than those incurred in the ordinary course of the banking business.

No contingent or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Bank to meet its obligations as and when they fall due.

Directors' Report

for the financial year ended 30 June 2009 (continued)

Change of circumstances

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements of the Group and of the Bank misleading.

Items of an unusual nature

The results of the operations of the Group and of the Bank for the financial year were not, in the opinion of the Directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature, likely to affect substantially the results of the operations of the Group or of the Bank for the current financial year in which this report is made.

Directors

Directors who served since the date of the last report are:

Dato' Mohd Bakke Salleh
Datuk Ismee Ismail
Dato' Sri Zukri Samat
Zahari @ Mohd Zin Idris
Zaiton Mohd Hassan
Salaam Said Salim Al-Shaksy
Fadhel Abdulbaqi Abu Al-Hasan Al-Qaed
Ahmed Saeed Sultan Bin Braik
Johan Abdullah
Marwan Hassan Ali El-Khatib (appointed on 1.1.2009)
Hashim Abdulla Ahmad Al-Dabal (resigned on 1.1.2009)

None of the Directors holding office as at 30 June 2009 had any interest in ordinary shares of the Bank and of its related corporations during the financial year.

Directors' benefits

Since the end of the previous financial year, no Director of the Bank has received nor become entitled to receive any benefit (other than benefits included in the aggregate amount of emoluments received or due and receivable by the Directors as shown in the financial statements or the fixed salary of a full time employee of the Bank) by reason of a contract made by the Bank or a related corporation with any Director or with a firm of which the Director is a member, or with a firm in which the Director has substantial financial interest.

There was no arrangement during and at the end of the financial year which had the object of enabling Directors of the Bank to acquire benefits by means of the acquisition of shares in or debentures of the Bank or any other body corporate.

Issue of shares and debentures

During the financial year, the Bank increased its authorised share capital with the creation of RM540,000,000 new Islamic Convertible Redeemable Non-cumulative Preference Shares of RM1 each at par.

There were no changes to the issued and paid-up capital of the bank during the financial year.

Options granted over unissued shares

No options were granted to any person to take up unissued shares of the Bank during the financial year.

Auditors

The auditors, Messrs KPMG Desa Megat & Co., have indicated their willingness to accept re-appointment.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors:

STATEMENT BY DIRECTORS
pursuant to Section 169(15) of the Companies Act, 1965

In the opinion of the Directors, the financial statements set out on pages 13 to 92 are drawn up in accordance with the applicable approved Financial Reporting Standards issued by the Malaysian Accounting Standards Board and as modified by Bank Negara Malaysia Guidelines and the provisions of the Companies Act, 1965 so as to give a true and fair view of state of affairs of the Group and of the Bank as at 30 June 2009 and of the results of their operations and cash flows for the year ended on that date.

REPORT OF THE SHARIAH SUPERVISORY COUNCIL

الحمد لله رب العالمين, والعاقبة للمتقين, ولا عدوان إلا على الظالمين,
والصلاة والسلام على سيدنا محمد سيد المرسلين وإمام المتقين, وعلى
آله الطيبين الأطهار وأصحابه الأبرار, ومن تبعهم بإحسان
إلى يوم الدين.

السلم عليكم ورحمة الله وبركاته and Salam Sejahtera

To the shareholders, depositors and customers of Bank Islam Malaysia Berhad;

In carrying out the roles and responsibilities of the Bank's Shariah Supervisory Council as prescribed in the Guidelines on the Governance of Shariah Committee for Islamic Financial Institutions issued by Bank Negara Malaysia, we hereby submit the following report for the financial year ended 30 June 2009:

1. The Council held nine (9) meetings to review various products, transactions and processes in line with the Shariah requirements and we had also approved the following products:
 - i. Current Account based on *Wakalah* Contract.
 - ii. Issuance of Murabahah Medium Term Notes.
 - iii. An-Najah NID-i Structured Investment Product based on *Mudharabah Muqayyadah* contract.
 - iv. Islamic Convertible Redeemable Non-Cumulative Preference Shares (CRNCPS).
 - v. Shariah Advisor for Islamic Syndicated Structure Facility based on *Istisna'* contract convertible to *Ijarah Muntahiah Bit-Tamleek*.
 - vi. Legal Documentations for Product based on Commodities Transaction from other Institutions.
 - vii. Legal Documentations for Islamic Profit Rate Swap (*Musawamah*) and Cross Currency Profit Rate Swap (*Murabahah*) products.
 - viii. Structured Product and Legal Documents for Islamic New Frontier Index.
 - ix. Legal Documentation for Equity Option Product.
 - x. Legal Documentations for Standard Interbank Commodity *Murabahah* Association of Islamic Banking Institutions Malaysia.

Report of the Shariah Supervisory Council (continued)

- xi. Transaction Legal Documentations *Bai' Murabahah Medium Term Notes Issuance Programme*.
 - xii. Transaction Documents for the Syndicated Business Financing-i Facility.
 - xiii. Legal Documentations for Personal Financing-i *Tawarruq*.
 - xiv. Legal Documentations for Business Financing-i *Tawarruq*.
 - xv. Legal Documentations for BBA and *Istisna'* House Financing.
 - xvi. Legal Documentations of *Ijarah Muntahiah Bit-Tamleek* Facility.
 - xvii. Multiple *Aqad* of Negotiable Islamic Debt Certificate (NIDC).
 - xviii. Replacement of Novation Agreement.
 - xix. Variations in Islamic Negotiable Instruments (INI) and Islamic Negotiable Instruments of Deposit (INID).
 - xx. Variations in Al-Awfar Savings Account-i and Investment Account-i (previously known as Savings Multiplier) product features.
2. In addition, the Council in the said meetings also reviewed, adopted and approved several initiatives of the Bank in strengthening the Shariah governance of the Bank which include the following:
- i. *Wakalah* Contract Guideline (Version 1.0).
 - ii. *Tawarruq* (Financing) Concept Guideline (Version 1.0).
 - iii. *Wadi'ah* Contract Guidelines (Version 3.0).
 - iv. Revised Terms of Reference for Shariah Supervisory Council.
 - v. Terms of Reference for Zakat Committee.
 - vi. Business Zakat Payment Guideline (Version 1.0).
 - vii. Dress Code Guidelines.
 - viii. Shariah Compliance Training Programme.
3. The Bank during the financial year has tracked non-*halal* income arising from various sources amounting to RM8,448.62 to be disposed off to charity.
4. The Bank carried out Shariah compliance review performed by Internal Audit Division and Shariah Department throughout the organisation and the report was deliberated in the Council meeting. The Council hereby confirms that necessary efforts have been taken to rectify the Shariah breaches, and the Bank has also implemented several mechanism(s) to prevent similar Shariah breaches from recurring.
5. The Bank had approved a structured training programme and the Shariah requirements are briefed to the newcomers during induction programme by Shariah officer.
6. The Council reviewed the financial statements of the Bank and confirmed that the financial statements and calculation of *Zakat* is in compliance with the Shariah requirements.

It is the responsibility of the Bank's management to ensure that it conducts its business in accordance with Shariah rules and principles as determined by the Shariah regulatory councils and it is our responsibility to form an independent opinion based on our review on the operations of the Bank and to report to you. In performing this, we had obtained all the information and explanations which we considered necessary in order to provide us with sufficient evidences to give reasonable assurance that the Bank has complied with Shariah requirements.

On that note, we, Dr. Ahmad Shahbari @ Sobri Salamon and Mohd Bakir Haji Mansor, being two of the members of the Shariah Supervisory Council of Bank Islam Malaysia Berhad, do hereby confirm on behalf of the Council that in our level best, the operations of the Bank for the financial year ended 30 June 2009 have been conducted in conformity with Shariah requirements. Allah Knows Best.

On behalf of the Council:

.....
Dr. Ahmad Shahbari @ Sobri Salamon

.....
Mohd. Bakir Haji Mansor

Kuala Lumpur,

INDEPENDENT AUDITORS REPORT

to the members of Bank Islam Malaysia Berhad

Report on the Financial Statements

We have audited the financial statements of Bank Islam Malaysia Berhad, which comprise the balance sheets as at 30 June 2009 of the Group and of the Bank, and the income statements, statements of changes in equity and cash flow statements of the Group and of the Bank for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 13 to 92.

Directors' Responsibility for the Financial Statements

The Directors of the Bank are responsible for the preparation and fair presentation of these financial statements in accordance with the approved Financial Reporting Standards issued by the Malaysian Accounting Standards Board as modified by Bank Negara Malaysia Guidelines and the provisions of the Companies Act, 1965. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Bank's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements have been properly drawn up in accordance with the approved Financial Reporting Standards issued by the Malaysian Accounting Standards Board as modified by Bank Negara Malaysia Guidelines and provisions of the Companies Act, 1965 so as to give a true and fair view of the financial position of the Group and of the Bank as of 30 June 2009 and of their financial performance and cash flows for the year then ended.

Independent Auditors Report to the members of Bank Islam Malaysia Berhad (continued)

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Bank and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- b) We are satisfied that the accounts of the subsidiaries that have been consolidated with the Bank's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- c) Our audit reports on the accounts of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

Other Matters

This report is made solely to the members of the Bank, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

Bank Islam Malaysia Berhad is a limited liability company, incorporated and domiciled in Malaysia. The address of its registered office and principal place of business is as follows:

Registered office and principal place of business

11th Floor, Wisma Bank Islam,
Jalan Dungun, Bukit Damansara,
50490 Kuala Lumpur.

The consolidated financial statements as at and for the financial year ended 30 June 2009 comprise the Bank and its subsidiaries (together referred to as the Group).

The Bank is principally engaged in Islamic banking business and the provision of related services while the other Group entities are primarily involved in the management of unit trust funds, provision of trust services and related services, nominee services and foreign currency clearing house.

The immediate holding company of the Bank during the financial year is BIMB Holdings Berhad, a public limited liability company incorporated in Malaysia and is listed on the Main Board of Bursa Malaysia Securities Berhad.

The ultimate holding corporation is Lembaga Tabung Haji, a statutory body established under the Tabung Haji Act 1995 (Act 535).

The financial statements were approved by the Board of Directors on 12 August 2009.

1. Basis of preparation

(a) Statement of compliance

The financial statements of the Group and of the Bank have been prepared in accordance with the applicable Financial Reporting Standards (FRS) issued by the Malaysian Accounting Standards Board (MASB) as modified by Bank Negara Malaysia Guidelines, the provisions of the Companies Act, 1965 and Shariah requirements.

The Group and the Bank have not applied the following accounting standards (including its consequential amendments) and interpretations that have been issued by the Malaysian Accounting Standards Board (MASB) but are not yet effective:

FRSs/Interpretations	Effective date
FRS 4, <i>Insurance Contracts</i>	1 January 2010
FRS 7, <i>Financial Instruments: Disclosures</i>	1 January 2010
FRS 8, <i>Operating Segment</i>	1 July 2009
FRS 123, <i>Borrowing Costs</i>	1 January 2010
FRS 139, <i>Financial Instruments: Recognition and Measurement</i>	1 January 2010
Amendments to FRS 2, <i>Share-based Payment: Vesting Conditions and Cancellations</i>	1 January 2010
Amendments to FRS 1, <i>First-time Adoption of Financial Reporting Standards</i> and FRS 127 <i>Consolidated and Separate Financial Statements: Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate</i>	1 January 2010
IC Interpretation 9, <i>Reassessment of Embedded Derivatives</i>	1 January 2010
IC Interpretation 10, <i>Interim Financial Reporting and Impairment</i>	1 January 2010
IC Interpretation 11, FRS 2 – <i>Group and Treasury Share Transactions</i>	1 January 2010
IC Interpretation 13, <i>Customer Loyalty Programmes</i>	1 January 2010
IC Interpretation 14, FRS 119 – <i>The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction</i>	1 January 2010

Notes To The Financial Statements (continued)

1. Basis of preparation (continued)

(a) Statement of compliance (continued)

The Group and the Bank plan to apply the FRSs and Interpretations (except for FRS 4 and FRS 8 as explained below) from the annual period beginning 1 July 2010.

FRS 4 and FRS 8 are not applicable to the Group and the Bank. Hence, no further disclosure is warranted.

The impact of applying FRS 7 and FRS 139 on the financial statements upon first adoption as required by paragraph 30(b) of FRS 108, *Accounting Policies, Changes in Accounting Estimates and Errors* is not disclosed by virtue of the exemptions given in the respective FRSs. The initial application of the above amendments and interpretations is not expected to have any material impact on the financial statements of the Group and the Bank.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following assets as explained in their respective accounting policy notes:

- Securities held-for-trading
- Securities available-for-sale
- Derivatives financial instruments

(c) Functional and presentation currency

The financial statements are presented in Ringgit Malaysia (RM), which is the Bank's functional currency. All financial information presented in RM has been rounded to the nearest thousand (RM'000), unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:

- Note 2(d) – Allowance for bad and doubtful financing
- Note 12 – Deferred tax assets

2. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities, unless otherwise stated.

(a) Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account.

The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Investments in subsidiaries are stated in the Bank's balance sheet at cost less impairment losses.

(ii) Transactions eliminated on consolidation

Intra-group balances, and any unrealised income or expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(b) Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates prevailing at the dates of the transaction.

Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate prevailing at the date that the fair value was determined. Foreign currency differences arising on translation are recognised in the income statement.

(ii) Operations denominated in functional currencies other than Ringgit Malaysia

The assets and liabilities of operations in functional currencies other than RM, including goodwill and fair value adjustments arising on acquisition, are translated to RM at exchange rates prevailing at the balance sheet date. The income and expenses of foreign operations, are translated to RM at average exchange rates for the year.

All resulting exchange differences are taken to the foreign currency translation reserve within equity. On disposal, accumulated translation differences are recognised in the consolidated income statement as part of the gain or loss on sale.

Notes To The Financial Statements (continued)

2. Significant accounting policies (continued)

(c) *Derivative financial instruments*

The Group holds derivative financial instruments to hedge its foreign currency exposure.

Foreign exchange trading positions, including spot and forward contracts, are revalued at prevailing market rates at balance sheet date and the resultant gains and losses for the financial year are recognised in the income statement.

(d) *Financing*

Financing is stated after deducting the allowance for losses on financing.

Allowance for bad and doubtful financing

Specific allowances are made for bad and doubtful financing, which have been individually reviewed and specifically identified as bad and doubtful.

A general allowance based on a percentage of the financing portfolio (net of specific allowance for bad and doubtful financing) is also made. These percentages are reviewed annually in the light of past experiences and prevailing circumstances and an adjustment is made to the overall general allowance, if necessary.

An uncollectible financing or portion of a financing classified as bad is written off after taking into consideration the realisable value of collateral, if any, when in the judgement of the management, there is no prospect of recovery.

Allowances for bad and doubtful financing are computed in conformity with BNM GP3 (September 1998).

(e) *Securities*

The holdings of the securities portfolio of the Group and of the Bank are recognised based on the following categories and consequently their valuation methods:

(i) *Securities held-for-trading*

Securities are classified as held-for-trading if it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term or it is part of a portfolio of identified securities that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. Securities classified as held-for-trading will be stated at fair value and any gain or loss arising from a change in the fair value will be recognised in the income statement.

(ii) *Securities available-for-sale*

Available-for-sale securities are securities that are not classified as held-for-trading or held-to-maturity investments and are measured at fair value. Investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are stated at cost. Any gain or loss arising from a change in the fair value is recognised directly in equity through the statement of changes in equity until the securities are sold, disposed off or impaired, at which time the cumulative gains or losses previously recognised in equity will be transferred to the income statement. Profit or loss from the available-for-sale securities is recognised in the income statement.

(iii) *Securities held-to-maturity*

Held-to-maturity securities are securities with fixed or determinable payments and fixed maturity and the Bank has the positive intention and ability to hold to maturity. These securities are measured at amortised cost using the effective profit method. Gain or loss is recognised in the income statement when the securities are derecognised or impaired, as well as the amortisation of premium and accretion of discounts.

2. Significant accounting policies (continued)

(f) Property and equipment

(i) Recognition and measurement

All items of property and equipment are stated at cost less accumulated depreciation and impairment losses, if any.

Property and equipment retired from active use and held for disposal are stated at the carrying amount at the date when the asset is retired from active use, less impairment losses, if any.

Cost include expenditure that are directly attributable to the acquisition of the asset and any other cost directly attributable to bringing the asset to working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also include the cost of materials and direct labour. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property and equipment have different useful lives, they are accounted for as separate items (major components) of property and equipment.

Gains or losses on disposal of an item of asset is the difference between the net proceeds from disposal and the net carrying amount of the asset and is recognised in "other income" in the income statement.

(ii) Subsequent costs

The cost of replacing part of an item of an asset is included in the carrying amount of the asset only when it is probable that the future economic benefits embodied within the part will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. The cost of the day-to-day servicing of property, plant and equipment are recognised in the income statement as incurred.

(iii) Depreciation

Depreciation is provided for in the income statement on a straight-line basis over the estimated useful lives of the assets. Management Information System development costs and work-in-progress are not depreciated until the assets are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

Building improvement and renovations	6 years
Furniture, fixtures, fittings and equipment	2 – 6 years
Motor vehicles	4 years

Depreciation methods, useful lives and residual values are reassessed at the balance sheet date.

(g) Leased assets

Leasehold land that normally has an indefinite economic life and the title is not expected to be passed to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as prepaid lease payments.

The Group had previously classified a lease of land as finance lease and had recognised the amount of prepaid lease payments as property and equipment. On adoption of FRS 117, *Leases*, the Group treats such a lease as an operating lease, with the unamortised carrying amount classified as prepaid lease payments in accordance with the transitional provisions in FRS 117.67A. The prepaid lease payments are amortised on a straight-line basis over the lease term.

Notes To The Financial Statements (continued)

2. Significant accounting policies (continued)

(h) Impairment

The carrying amounts of assets except for financial assets (other than securities held-to-maturity and available-for-sale) are reviewed at each reporting date to determine whether there is any indication of impairment.

If any such indication exists, then the asset's recoverable amount is estimated, to determine the amount of impairment loss.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in the income statement.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to the income statement in the year in which the reversals are recognised.

(i) Bills and other receivables

Bills and other receivables are stated at cost less allowance for doubtful debts.

(j) Cash and cash equivalents

Cash and cash equivalents include cash and short-term funds, and deposits and placements with banks and other financial institutions.

(k) Bills and acceptances payable

Bills and acceptances payable represent the Group's and the Bank's own bills and acceptances rediscounted and outstanding in the market.

(l) Liabilities

Deposits from customers and deposits and placements of banks and financial institutions are stated at placement values.

Other payables are measured initially and subsequently at cost. Other payables are recognised when there is a contractual obligation to deliver cash or another financial asset to another entity.

2. Significant accounting policies (continued)

(m) Profit equalisation reserve (“PER”)

PER refers to the amount appropriated out of or written back to the total gross income to reduce the fluctuations in the profit rates payable to the depositors. It is in conformity with ‘The Framework of the Rate of Return’ or BNM/GP2-*i* issued by Bank Negara Malaysia. PER is reflected under other liabilities of the Bank.

(n) Share capital

Ordinary shares are classified as equity in the balance sheet. Cost directly attributable to the issuance of new equity shares are taken to equity as a deduction from the proceeds.

(o) Income recognition

Finance income

Finance income is recognised on an accrual basis.

Income on cash line, house and term financing is mainly accounted for on a constant rate of return basis by reference to the rest periods as stipulated in the financing agreement.

Where a financing account becomes non-performing, profit accrued and recognised as income prior to the date the account is classified as non-performing is reversed out of income. Thereafter, profit on the non-performing financing are only recognised as income on a cash basis. Income is not recognised on customers’ accounts where repayments are in arrears for more than six months from the first day of default for financing, cash line and advances; and three months from the first day of default for trade bills, credit cards, personal financing, banker’s acceptances, trust receipts and other instruments of similar nature.

Fee and other income recognition

Financing arrangement, management and participation fees, underwriting commissions and brokerage fees are recognised as income based on contractual arrangements. Guarantee fee is recognised as income upon issuance of the guarantee. Fees from advisory and corporate finance activities are recognised net of service taxes and discounts on completion of each stage of the assignment.

Dividend income from subsidiary companies and other investments are recognised when the Bank’s rights to receive payment is established.

(p) Income tax

Tax expense comprises current and deferred tax. Tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit (tax loss). Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the balance sheet date.

Notes To The Financial Statements (continued)

2. Significant accounting policies (continued)

(p) Income tax (continued)

Deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Additional taxes that arise from the distribution of dividends are recognised at the same time as the liability to pay the related dividend is recognised.

(q) Zakat

This represents business zakat. It is an obligatory amount payable by the Group and the Bank to comply with the principles of Shariah.

(r) Employee benefits

Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

The Group's contribution to the Employees Provident Fund is charged to the income statements in the year to which they relate. Once the contributions have been paid, the Group has no further payment obligations.

3. Cash and short term funds

	Group		Bank

Finance, insurance and business services	1,449	47,921
Purchase of securities	6,737	70,230
Purchase of transport vehicles	35,928	61,019
Consumption credit	101,561	119,831
Community, social and personal	14,430	17,654
Others	28,014	56,756
	1,360,449	1,949,904

Notes To The Financial Statements (continued)

10. Other assets

	Group		Bank	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Bills receivable	495	30,056	495	30,056
Other receivables*	81,871	47,381	79,095	45,287
Deposit and prepayments	19,668	18,465	19,273	18,210
Related companies**	3,886	3,472	4,124	3,992
	105,920	99,374	102,987	97,545

* Other receivables are stated net of allowances for doubtful debts of RM96,354,000 (2008: RM85,822,000) and RM96,330,000 (2008: RM85,773,000) for the Group and the Bank respectively.

** This relates to amounts due from holding and related companies that are non-trade in nature, not subject to financing charges and has no fixed terms of repayment.

11. Statutory deposits with Bank Negara Malaysia

The non-interest bearing statutory deposits are maintained with Bank Negara Malaysia in compliance with Section 37(1) (c) of the Central Bank of Malaysia Act, 1958 (revised 1994), the amount of which are determined as set percentages of total eligible liabilities.

12. Deferred tax assets

Recognised deferred tax assets

Deferred tax assets are attributable to the following:

	Assets		Liabilities		Net	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Group and Bank						
Allowance for losses on financing	37,628	39,605	—	—	37,628	39,605
Impairment losses	—	19,059	—	—	—	19,059
Property and equipment	—	—	(11,267)	(12,592)	(11,267)	(12,592)
Provisions	11,592	24,087	—	—	11,592	24,087
Tax loss carry-forwards	—	16,123	—	—	—	16,123
Unabsorbed capital allowances	23,707	—	—	—	23,707	—
Tax assets/(liabilities)	72,927	98,874	(11,267)	(12,592)	61,660	86,282

Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following items:

	Group		Bank	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Impairment losses	—	5,542	—	—
Unabsorbed capital allowances	43,784	11	43,784	—
	43,784	5,553	43,784	—

Deferred tax assets have not been recognised in respect of these items because it is envisaged that the unabsorbed capital allowances will not be utilised against future taxable profit of the Group and of the Bank.

The current year's unabsorbed capital allowances for the Group and the Bank is in respect of its leasing business whereby management considered it uncertain whether the Bank is able to utilise the benefits in the future.

Notes To The Financial Statements (continued)

13. Investments in subsidiary companies

	Bank	
	2009 RM'000	2008 RM'000
At cost		
Unquoted shares in Malaysia	72,795	67,795
Less: Accumulated impairment loss	(52,668)	(51,848)
	20,127	15,947

	42,998	4,244	41,866	1,064
Deferred tax expense:				
Malaysia – current year	61,748	(86,282)	61,748	(86,282)
– prior years	(37,125)	–	(37,125)	–
	24,623	(86,282)	24,623	(86,282)
	67,621	(82,038)	66,489	(85,218)

(ii) Reconciliation of effective tax expense

	Group		Bank	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Profit before tax expense	235,866	316,942	233,096	308,267
Income tax using Malaysia tax rate of 25% (2008: 26%)	58,966	82,405	58,274	80,149
Utilisation of previously unrecognised deferred tax assets	–	(88,791)	–	(88,791)
Recognition of previously unrecognised deferred tax assets	–	(86,282)	–	(86,282)
Non-deductible expenses	34,486	10,630	34,067	9,706
	93,452	(82,038)	92,341	(85,218)
Over/(Under) accrual in prior years				
– Income tax	11,294	–	11,273	–
– Deferred tax	(37,125)	–	(37,125)	–
Tax expense	67,621	(82,038)	66,489	(85,218)

The corporate tax rates are 25% for year of assessment 2009 and for the subsequent years of assessment. Consequently deferred tax assets and liabilities are measured using these tax rates.

Notes To The Financial Statements (continued)

34. Earnings per share

Basic earnings per share of the Group and Bank are calculated based on the net profit attributable to equity holders of the Group and Bank of RM161,876,000 and RM160,607,000 (2008: RM389,600,000 and RM384,117,000) and the weighted average number of ordinary shares outstanding during the year of 1,725,490,000 (2008: 1,725,490,000).

35. Related party transactions

Identity of related parties

For the purposes of these financial statements, parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Group has a related party relationship with its subsidiaries (see note 13) and substantial shareholders of the holding company.

35. Related party transactions (continued)

(a) The significant related party transactions of the Group and the Bank, other than key management personnel compensation, are as follows:

	Group		Bank	
	Transactions amount for		Transactions amount for	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000

35. Related party transactions (continued)

(c) Credit transactions and exposures with Connected Parties

Credit transactions and exposures with connected parties as per BNM's revised Guidelines, which became effective on 1 January 2008 are as follows:

	Group and Bank
	2009 RM'000
Outstanding credit exposures with connected parties	573,311
% of outstanding credit exposures to connected parties as a proportion of total credit exposures	2.01%
% of outstanding credit exposures with connected parties which is non-performing or in default	0.002%

36. Financial Risk Management policies

Operational risk

This risk is defined as the risk of loss arising from inadequate or failed internal processes, people and systems and external events, which includes legal risk and Shariah non compliance risk but excludes strategic and reputational risk. In managing this risk a dedicated team has been established who determine the Bank's operational risk profile in comparison to the Bank's risk appetite and determine risk mitigating measures. The Operational Risk Management Department provides/uses various tools and techniques to assess, monitor and manage operational risks.

Credit risk

Credit Risk arises from all transactions that could lead to actual, contingent or potential claims against any party, borrower or obligor. The Bank recognises four kinds of credit risk in its portfolio: Default Risk, Settlement Risk, Country Risk and Contingent Financing Risk.

The primary exposure to credit risk arises from financing activities. Credit policy to govern the activities is rigorously being enhanced with the objectives of improving and preserving the quality of assets originated. The management of credit risks is performed by four distinct departments: Credit Analysis, Credit Risk Management, Credit Administration and Credit Recovery, who all play a crucial role in the overall credit risk management cycle.

The Bank monitors its credit exposures either on a portfolio basis or individual basis by annual reviews. Credit risk is proactively monitored through a set of early warning signals that could trigger immediate reviews of (certain parts of) the portfolio. The affected portfolio or financing is placed on the watch list to enforce close monitoring and prevent financing to turn non-performing financing or to increase the chances of full recovery.

Notes To The Financial Statements (continued)

36. Financial Risk Management policies (continued)

Credit risk (continued)

A comprehensive limit structure is in place to ensure that risks taken are within the risk appetite as set by the Board and to avoid credit risk contagion to a single customer, sector, product, Shariah contract, etc.

Credit risk arising from dealing and investing activities are managed by the establishment of limits which includes counter parties limits and permissible acquisition of private entities' instruments, subject to specified minimum rating threshold. Furthermore, the dealing and investing activities are monitored by an independent middle office unit.

Market risk

All the Bank's businesses are subject to the risk that market prices and rates will move, resulting in profit or losses to the Bank. Furthermore, significant or sudden movements in rates could affect the Bank's liquidity/funding position. The Bank is exposed to the following main market/liquidity risk factors:

- **Rate of Return or Profit Risk:** the potential impact on the Bank's profitability caused by changes in the market rate of return, either due to general market movements or due to issuer/borrower specific causes;
- **Foreign Exchange Risk:** the impact of exchange rate movements on the Bank's currency positions;
- **Equity Investment Risk:** the profitability impact on the Bank's equity positions or investments caused by changes in equity prices or values;
- **Commodity Inventory Risk:** the risk of loss due to movements in commodity prices;
- **Displaced Commercial Risk:** the risk arising from assets managed by the Bank on behalf of depositors/investors as the Bank follows the practice of potentially foregoing part or all of its *Mudarib* share of profit on these assets;
- **Liquidity Risk:** the potential inability of the Bank to meet its funding requirements at a reasonable cost (funding liquidity risk) or its inability to liquidate positions quickly at a reasonable price (market liquidity risk).

Market risks in both our trading and banking portfolios are managed by the Market Risk and Analytics Department ("MRAD"). MRAD identifies the various risk factors, measures exposures to these factors using appropriate tools and theoretical models and assesses the Bank's ability to effectively manage the resulting risks. Limits commensurate with the Bank's risk appetite are set at various levels and monitored on a daily basis with strict approval and escalation procedures in case of any breach. The limit structure is complemented with Value at Risk analysis to arrive at a holistic measure for the maximum expected one-day loss on our trading portfolio within a 99% confidence interval using historical simulation and stress tests to capture unexpected losses. Risk Management Division recognises the limitations of theoretical models and is committed to continuously improve on the assumptions used by performing periodical back tests.

Liquidity risk

Liquidity risk is related to the risk arising mainly from withdrawals of deposits. A comprehensive set of tools is used to measure the liquidity and profit rate gaps in the banking book and is deliberated monthly at asset and liability management committee. The Bank has adopted the liquidity framework introduced by Bank Negara Malaysia based on the contractual and behavioural cash flow assumptions derived from the Bank's assets, liabilities and off balance sheet commitments.

37. Profit rate risk

The Group and the Bank are exposed to various risks associated with the effects of fluctuations in the prevailing levels of market profit rates on its financial position and cash flows. The following table summarises the Groups and the Bank's exposure to profit rate risk. The assets and liabilities at carrying amount are categorised by the earlier contractual repricing or maturity dates.

38. Fair value of financial assets and liabilities

Financial instruments comprise financial assets, financial liabilities and off-balance sheet instruments. Fair value is the amount at which the financial assets could be exchanged or a financial liability settled, between knowledgeable and willing parties in an arm's length transaction. The information presented herein represents the estimates of fair values as at the balance sheet date.

Where available, quoted and observable market prices are used as the measure of fair values. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors.

38. Fair value of financial assets and liabilities (continued)

Fair value information for non-financial assets and liabilities are excluded as they do not fall within the scope of FRS 132, "Financial Instruments: Disclosure and Presentation" which requires the fair value information to be disclosed. These include investment in subsidiary companies, investment in associated company and property and equipment.

The following summarises the carrying and the estimated fair values of the financial assets and liabilities on the balance sheet date:

Group	Carrying value		Fair value	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Financial assets				
Cash and short-term funds	8,445,587	9,948,772	8,445,587	9,948,772
Deposits and placements with banks and other financial institutions	—	193,650	—	193,650
Securities				
– Held-for-trading	287,675	54,510	287,675	54,510

Bills and acceptance payable	289,469	996,171	289,469	996,171
Subordinated financing	100,000	100,000	100,000	100,000

The fair value of the Group's and of the Bank's financial instruments which include cash and short-term funds, deposits and placements with banks and other financial institutions and short-term borrowings are not materially sensitive to shifts in market profit rate because of the limited term to maturity of these instruments.

As such, the carrying value of these financial assets and liabilities at balance sheet date approximate their fair values.

The fair values are based on the following methodologies and assumptions:

Deposits and placements with banks and other financial institutions

For deposits and placements with financial instruments with maturities of less than six months, the carrying value is a reasonable estimate of fair values. For deposits and placements with maturities six months and above, the estimated fair values are based on discounted cash flows using prevailing money market profit rates at which similar deposits and placements would be made with financial instruments of similar credit risk and remaining period to maturity.

38. Fair value of financial assets and liabilities (continued)

Held-for-trading and available-for-sale securities

The estimated fair values are generally based on quoted and observable market prices. Where there is no ready market in certain securities, fair values have been estimated by reference to market indicative yields or net tangible asset backing of the investee.

Financing, advances and others

Their fair value is estimated by discounting the estimated future cash flows using the prevailing market rates of loans with similar credit risks and maturities. The fair values are represented by their carrying value, net of specific allowance and income-in-suspense, being the recoverable amount.

Deposits from customers

For deposits from customers with maturities of less than six months, the carrying amounts are a reasonable estimate for their fair values. For deposits with maturities of six months or more, the fair values are estimated using discounted cash flows based on prevailing market rates for similar deposits from customers.

Deposits and placements of banks and other financial institutions

The estimated fair values of deposits and placements of banks and other financial institutions with maturities of less than six months approximate the carrying values. For deposits and placements with maturities of six months or more, the fair values are estimated based on discounted cash flows using prevailing money market profit rates for deposits and placements with similar remaining period to maturities.

Bills and acceptance payable

The estimated fair values of bills and acceptance payables with maturity of less than six months approximate their carrying values. For bills and acceptance payable with maturities of six months or more, the fair values are estimated based on discounted cash flows using prevailing market rates for borrowings with similar risks profile.

39. Lease commitments

The Group and the Bank has lease commitments in respect of vehicle and equipment on hire, all of which are classified as operating leases. A summary of the non-cancellable long term commitments are as follows:

As lessee

Year	Group and Bank	
	2009 RM'000	2008 RM'000
Within one year	252	18,850
Between one and five years	237	236
	489	19,086

Notes To The Financial Statements (continued)

40. Capital commitments

	Group and Bank	
	2009 RM'000	2008 RM'000
Property and equipment		
Contracted but not provided for in the financial statements	119,459	107,850
Approved but not contracted for		
Not provided for in the Financial Statements	39,956	—
	159,415	107,850

41. Capital adequacy

The Risk-Weighted Capital Ratio (RWCR) of the Bank and its subsidiaries as at 30 June 2009 are as follows:

The RWCR computation for the Bank Group consists of the capital adequacy ratios of the Bank and its subsidiaries.

Effective January 2008, all Islamic banks licensed under the Islamic Banking Act (IBA) 1983 are required to compute the RWCR in accordance with the Capital Adequacy Framework for Islamic Banks (CAFIB). Under CAFIB, Islamic banks are required to comply both on an entity as well as on a consolidated basis (inclusive of subsidiary entities, and overseas financial subsidiaries). Hence with effect from 1 January 2008, the Bank's RWCR computation is computed according to CAFIB, with the adoption of the Standardised Approach (SA) for Credit Risk and Market Risk, and the Basic Indicator Approach (BIA) for Operational Risk.

In accordance with Para 4.1 of the BNM's Concept Paper – Risk Weighted Capital Adequacy Framework (BASEL II) and Capital Adequacy Framework for Islamic Banks (CAFIB) – Disclosure Requirements (Pillar 3), the Bank's detailed quantitative disclosures on capital base and risk weighted assets are appended as follows:

(a) The capital adequacy ratios of the Group and of the Bank as at 30 June 2009:

	Group		Bank	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Before proposed dividend				
Core capital ratio	12.25%	11.27%	12.16%	11.20%
Risk-weighted capital ratio	13.87%	13.15%	13.61%	12.93%
After proposed dividend				
Core capital ratio net	12.25%	11.27%	12.16%	11.20%
Risk-weighted capital ratio	13.87%	13.15%	13.61%	12.93%

41. Capital adequacy (continued)

(b) Tier I and Tier II capital components of the Group and of the Bank as at 30 June 2009:

	Group		Bank	
	2009 RM'000	2008 RM'000	2009 RM'000	2008 RM'000
Tier I capital				
Paid-up share capital	1,725,490	1,725,490	1,725,490	1,725,490
Share premium	500,020	500,020	500,020	500,020

Total	9,322,361	12,798	1,309,351	947,655

42. Segment information

Segment information is presented in respect of the Group's main business segment. Others include business from subsidiaries.

The format is prepared based on the internal financial reporting system to reflect the Group's management reporting structure. The amount of each business segments are shown after the allocation of certain centralised costs and funding income.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise of Head Office assets, payables and expenses to support the operating business segments.

Segmental business expenditure is the total cost incurred during the year to acquire segment assets that are expected to be used for more than one period.
